

TRIM16 Polyclonal Antibody

Cat No: HR1AP5635

For research use only

Overview

Product Name	TRIM16 Polyclonal Antibody
Source	Rabbit
Applications	IHC-p,ELISA
Species Reactivity	Human
Recommended Dilutions	
Immunogen	
Species	Rabbit
Storage	-20°C/1 year
Isotype	
Clonality	
Concentration	1 mg/ml
Observed band	kDa
GeneID?Human?	TRIM16
Human Swiss-Prot No.	
Cellular localization	
Alternative Names	TRIM16; EBBP; Tripartite motif-containing protein 16; Estrogen-responsive B box protein
Background	<p>tripartite motif containing 16(TRIM16) Homo sapiens This gene was identified as an estrogen and anti-estrogen regulated gene in epithelial cells stably expressing estrogen receptor. The protein encoded by this gene contains two B box domains and a coiled-coiled region that are characteristic of the B box zinc finger protein family. The proteins of this family have been reported to be involved in a variety of biological processes including cell growth, differentiation and pathogenesis. Expression of this gene was detected in most tissues. Its function, however, has not yet been determined. [provided by RefSeq, Jul 2008].</p>
