

ATE1 Polyclonal Antibody

Cat No: HR1AP10515

For research use only

Overview

Product Name	ATE1 Polyclonal Antibody
Source	Rabbit
Applications	WB,ELISA
Species Reactivity	Human
Recommended Dilutions	
Immunogen	
Species	Rabbit
Storage	-20°C/1 year
Isotype	
Clonality	
Concentration	1 mg/ml
Observed band	56kDa
GeneID?Human?	ATE1
Human Swiss-Prot No.	
Cellular localization	
Alternative Names	
Background	<p>arginyltransferase 1(ATE1) Homo sapiens This gene encodes an arginyltransferase, an enzyme that is involved in posttranslational conjugation of arginine to N-terminal aspartate or glutamate residues. Conjugation of arginine to the N-terminal aspartate or glutamate targets proteins for ubiquitin-dependent degradation. Alternative splicing results in multiple transcript variants. [provided by RefSeq, Dec 2013],</p>
